New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases, this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract?	<input type="checkbox"/> YES	<input type="checkbox"/> NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract?	<input type="checkbox"/> YES	<input type="checkbox"/> NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured, or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER	CONTRACT OR POLICY #	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)

Make sure you know the facts. Contact your existing company or its producer for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the producer in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____.
A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or producer that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your producer to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable? Could they change? You're older-are premiums higher for the proposed new policy? How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends. Acquisition costs for the old policy may have been paid; you will incur costs for the new one. What surrender charges do the policies have? What expense and sales charges will you pay on the new policy? Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down. You may need a medical exam for a new policy. Claims on most new policies for up to the first two years can be denied based on inaccurate statements. Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid? How will the premiums on your existing policy be affected? Will a loan be deducted from death benefits? What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract? What are the interest rate guarantees for the new contract? Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy? Is this a tax-free exchange? (See your tax advisor.) Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code? Will the existing insurer be willing to modify the old policy? How does the quality and financial stability of the new company compare with your existing company?

NOTICE:

In the case of a replacement, you have the right to return the policy or contract within 30 days of its delivery and receive a full refund of all premiums or considerations paid, including any policy fee or charges.

Helpful Definitions

Per stirpes: If a death claim is distributed per stirpes, all members of the group will receive their share of the estate. However, if a beneficiary passes away before the insured, then the beneficiary's descendants will receive that beneficiary's share.

Per capita: If a death claim is distributed per capita, all living members of the group will receive their share of the estate. However, if a beneficiary passes away before the insured, then the beneficiary's share would go to the other living members of the group, NOT to the beneficiary's descendants.

Primary Beneficiary (First in line) (Required): The individual(s) designated primary beneficiary is (are) first in line for the distribution of a life insurance certificate. This group will receive the entire benefit if anyone designated a primary beneficiary is alive when the insured passes away. There can be more than one person designated as a primary beneficiary, but their percentages will need to be given.

Contingent Beneficiary (Second in line) (Optional): The individual(s) designated contingent beneficiary will receive the full amount of the distribution ONLY if there is no one alive with the primary beneficiary designation when the insured passes away. Otherwise, the contingent beneficiaries will receive nothing. There can be more than one person designated as a contingent beneficiary, but their percentages will need to be given.

Tertiary Beneficiary (Third in line) (Optional): The individual(s) designated tertiary beneficiary will receive the full amount of the distribution ONLY if there is no one alive with the primary OR contingent beneficiary designation when the insured passes away. Otherwise, the tertiary beneficiaries will receive nothing. There can be more than one person designated as a tertiary beneficiary, but their percentages will need to be given.
