

WCU

*A Fraternal Benefit Society
Since 1877*

Why Choose WCU?

Western Catholic Union (WCU) has been headquartered in Quincy, IL since its establishment in 1877. As a fraternal benefit society, WCU offers life insurance and annuity products to its members while reinvesting a portion of its profits into the communities and families it serves. This is accomplished through charitable donations, matching fund events, scholarships for Catholic education, and tuition assistance awards.

WCU's fraternal activities are coordinated through local branches across Illinois, Missouri, Iowa, and Wisconsin. These branches actively engage in fundraising efforts for various local and national charities. Additionally, the home office supports these initiatives through its matching fund program. Over the years, WCU's local branches have collectively raised more than \$10 million for charitable causes.

WCU remains committed to its legacy of offering reliable financial solutions to its members while continuing to give back to the communities in which they live. We are currently licensed in the states of Colorado (life only), Iowa, Illinois, Maryland, Missouri, Ohio, Pennsylvania, Texas, Wisconsin and West Virginia. We take great pride in offering exceptional customer service to both agents and members.

- First class personal customer service
- Speak to a live person every time you call
- Claims paid promptly
- Scholarship opportunities available to members
- Branches have raised over \$10 million for their communities
- Serving members since 1877
